

The source of hospitality is the heart of God who yearns to unite every creature within one embrace.

Oblate Renewal Center pledge to provide the utmost care for you, while offering great value and consistency. Enhancements are being made throughout our facilities to help ensure a clean, safe experience and overnight stay.

ARRIVAL

- **Check-In**
We have re-designed our check-in process to reduce contact by implementing transparent shields, and removing the need for signatures.
- **Social Distancing**
Signs and visual cues are being installed throughout our facilities to allow six feet between you and others, as recommended by the CDC.
- **Clean Common Areas**
When you stay with us, you will likely see our team at work, using a detailed checklist to ensure all frequently touched areas are disinfected frequently throughout the day in alignment with CDC guidance.

GUESTROOM

- We want you to feel safe from check-in to check-out, and everywhere in between. We are using products approved by the CDC and EPA, and our housekeeping team has received additional cleanliness training focused on the disinfection of frequently touched areas in your room.
- Specifically, in each guestroom our team will have:
 - Disinfect frequently touched areas throughout room. This includes all door handles, locks, light switches, telephone, faucet, trash can and tops of the furniture,
 - Linens are laundered using CDC approved settings, including the use of chlorine bleach.

OUR TEAM

- Health & Wellness

Oblate team members are screened on a daily basis to ensure they are symptom-free. We enforce proper hand hygiene and are also providing our team with gloves, masks and aprons to protect themselves and you.

- Social Distancing

We encourage our team to practice social distancing, too. This helps them to keep one another healthy, safe and ready to serve you.

COMMITMENT

Our team of leaders will continually evaluate processes and implement timely changes to comply with CDC cleaning and disinfecting guidelines. We are closely monitor how to safely offer our amenities such as our food and beverage services per state and local guidelines. Thank you for your trust and loyalty.
